Notice to User

Please read this agreement carefully before purchase or assembly. By opening this package, you acknowledge that you have read this agreement, understand it and agree to be bound by its terms. If you are making a purchase on behalf of another person, you agree that you are making the purchase as their agent.

Please Read

stores au pty ltd, ACN: 58135031864 as a supplier of trampolines and Accessories, ("Equipment"), sells all Equipment subject to the following conditions:

1. To the maximum extent permitted by law, Little Nation its employees, directors and agents will not be liable to the customer, their dependents or legal representatives for damage to property, personal injury or death suffered by the customer because the Equipment was not manufactured or supplied with due care and skill, the Equipment is not reasonably fit for its purpose or because of negligence, breach of contract, breach of statute or breach of statutory duty by Little Nation.
2. Little Nation, its employees, directors and agents are not liable to the customer, their dependents or legal representatives for personal injury or death suffered by the customer because the Equipment was not:
 - a. Installed in accordance with the Little Nation Assembly Manual. It is the customer's responsibility to check all boxes to confirm that all components are included and in the correct condition before assembly.
 - b. Installed with due care and skill, by the customer or a third party assembly service, and in the same condition as when the Equipment was supplied, due to wear and tear including, but not limited to, weather damage, deterioration of the net, spring stretch, UV deterioration or rust.

The customer acknowledges that using this Equipment can be dangerous, with inherent risks and hazards. As a consequence, personal injury or death may occur. The customer assumes and accepts all such risks to the full extent permitted by law and waives any right of action against, and fully releases Little Nation for all loss, damages, personal injury or death in any way caused by, or relating to, the customer's use of the Equipment. This includes, without limitation, liability for any negligent or tortuous acts or omissions, breach of duty, breach of contract or breach of statutory duty on the part of Little Nation, its officers, directors, employees or agents.

Risk Warning

The use of this Equipment involves a significant risk of participants suffering personal injury including the possibility of serious injury, permanent disability or death. All participants who use the Equipment do so at their own risk.

Safety | Instructions

Specific Use Limitations

1. Do not use trampoline without mature and knowledgeable supervision.
2. Do not attempt or allow somersaults
3. Do not allow more than one person on the trampoline at any time.
4. Do not use the trampoline if it's raining or wet.
5. Do not jump onto or off of the trampoline
6. Do not use a trampoline while under the influence of drugs or alcohol.
7. Do not allow any activity underneath the trampoline
8. Learn fundamental bounces and body positions thoroughly before attempting more advanced skills.
9. Properly secure the trampoline when not in use to protect against unauthorised use. If a trampoline ladder is used, the supervisor should remove it from the trampoline when leaving the area
10. The trampoline must not be used in gusty or severe winds and only when wind or air movement is calm and gentle.

Safety Instructions

1. Read all instructions before using the trampoline.
2. Allow only one person on the trampoline at any time. Use by more than one person at the same time can result in serious injury
3. Use the trampoline only with mature adult supervision at all times.
4. Inspect the trampoline before each use. Make sure the frame padding is correctly and securely positioned. Replace any worn, defective, or missing parts.
5. Keep objects away that could interfere with the user. Maintain a clear area around, above, and under the trampoline.
6. Misuse and abuse of the trampoline is dangerous and can cause serious injuries.
7. Focus your eyes on the edge of the trampoline. This will help control your bounce.
8. Avoid bouncing for too long. Do not bounce when tired.
9. Stop your bounce by flexing your knees as your feet come in contact with the trampoline bed. Learn this skill before you attempt any others.
10. Climb on and off the trampoline - do not jump. Jumping from the trampoline to the ground is dangerous. Similarly, do not run and leap onto the trampoline.
11. Never use springs or extension elements as 'hand grips'.
12. Avoid bouncing too high. Stay low until you can control your bounce and repeatedly land in the centre of the trampoline.
13. Do not use the trampoline as a springboard to other objects. Use the trampoline only for trampoline style bouncing.
14. It is advisable not to bounce immediately after a meal.
15. Do not attempt knee drops. This can cause injury if you attempt this skill without some experience or personal instruction
16. Your clothing should allow plenty of freedom of movement, but loose clothing is discouraged.
17. No buckles or jewellery should be worn, as these could damage the trampoline mat and cause injury to the jumpers.
18. Do not wear shoes while bouncing on the trampoline unless they are designed specifically for use on a trampoline.
19. Remove ladder when it is not in use to prevent young children falling and injuring themselves.
20. Avoid bringing any miscellaneous items onto the trampoline.
21. Trampoline safety net must always be fitted to trampoline to promote safer use of the trampoline.
22. Refrain from eating or drinking on the trampoline to avoid spillages and potential injury as a result.
23. Remember to wear suitably sun-protective clothing, sunscreen and a hat (soft, not hard) to avoid becoming sunburned.
24. For further information or additional instructional materials, contact Little Nation or your nearest trampoline club.
25. Little Nation does not condone pets to be on the trampoline at any time, as sharp claws may also cause damage to the safety netting, jumping mat, or safety padding of the trampoline.

Maintenance | Instructions

Your trampoline is a substantial investment for the enjoyment of your family, and it must be noted that improper use or lack of care can lead to early deterioration. Please follow all of the points below to ensure your product lasts as long as possible.

General Care

1. We strongly recommend cleaning your Trampoline and accessories every month with warm soapy water. When dirt and other particles are left to build up on the trampoline, this can cause wear and tear to accelerate.
2. When your trampoline is not going to be used for a long period of time, it is best to store it out of the weather.
3. Protect and secure your trampolines in extreme weather such as strong winds, hail and lightning. An effective way to prevent damage under these extreme circumstances is to cover the trampoline with an appropriate protective cover and to secure the trampoline to the ground to avoid it being moved by strong winds.
4. Inspect the trampoline before each use and replace any worn, defective, or missing parts.

Safety Padding

1. Dirt and dust build up on the Safety Pad if left with accelerate the deterioration of the our Safety Padding should be cleaned once a month with warm soapy water.
2. Trampoline safety padding is made from highly water resistant and UV-resistant material to withstand sun exposure. The safety padding is designed to be able to be drained in the event water becomes trapped inside, as this can accelerate the deterioration of the padding. If water becomes trapped, lift the pads from the inside edge to drain the water out.
3. Safety padding must be kept loose above the springs. Under no circumstances should the safety padding be leaned on, sat on, or stood on. This weight applies direct contact to the springs and can cause ripping in the safety pads and/or injury.
4. In areas that experience extreme cold, remove and store the safety pads indoor in winter. This will prevent any possible cracking due to sub-zero temperatures.
5. Under no circumstances should any object hotter than 120 degrees Fahrenheit or 48 degrees Celsius come into contact with any part of the safety padding. High temperatures may result in melting or burning of the padding material and extreme temperatures may cause the padding to catch fire.
6. Rainwater, if not wiped off, may result in spots forming from residue left from the water as it dries. Any water applied to clean the surface must be wiped dry with a clean cloth or chamois and not left to dry in the sun.

Safety Net

1. Inspect the trampoline enclosure before each use.
2. Prolonged exposure of the safety net of UV rays from the sun can lead to a shortened lifespan of the material. During the winter months or when the trampoline will not be in use for a long time, e.g. winter or storm seasons, remove the safety net and store indoors in a cool dry place out of sunlight.
3. The user of the trampoline must not have any solid or sharp objects present on their person while using the trampoline. These foreign objects may cause damage to the safety netting, jumping mat or safety padding.
4. Always check for any defects in the safety netting poles before using your trampoline.
5. Regularly check that the safety netting pole bolt assembly remain in a working state, are completely fastened and are tight.
6. The safety net must be in use at all times.

Warranty | Information

Stores au pty ltd Limited Trampoline Warranty

Warranty Coverage

Stores au pty ltd and it's authorised service partners warrant it's products to be free of defects in ma-terial and workmanship under normal domestic recreational use and service conditions. The various component parts of the trampoline are warranted against failure and defects in the workmanship as follows:

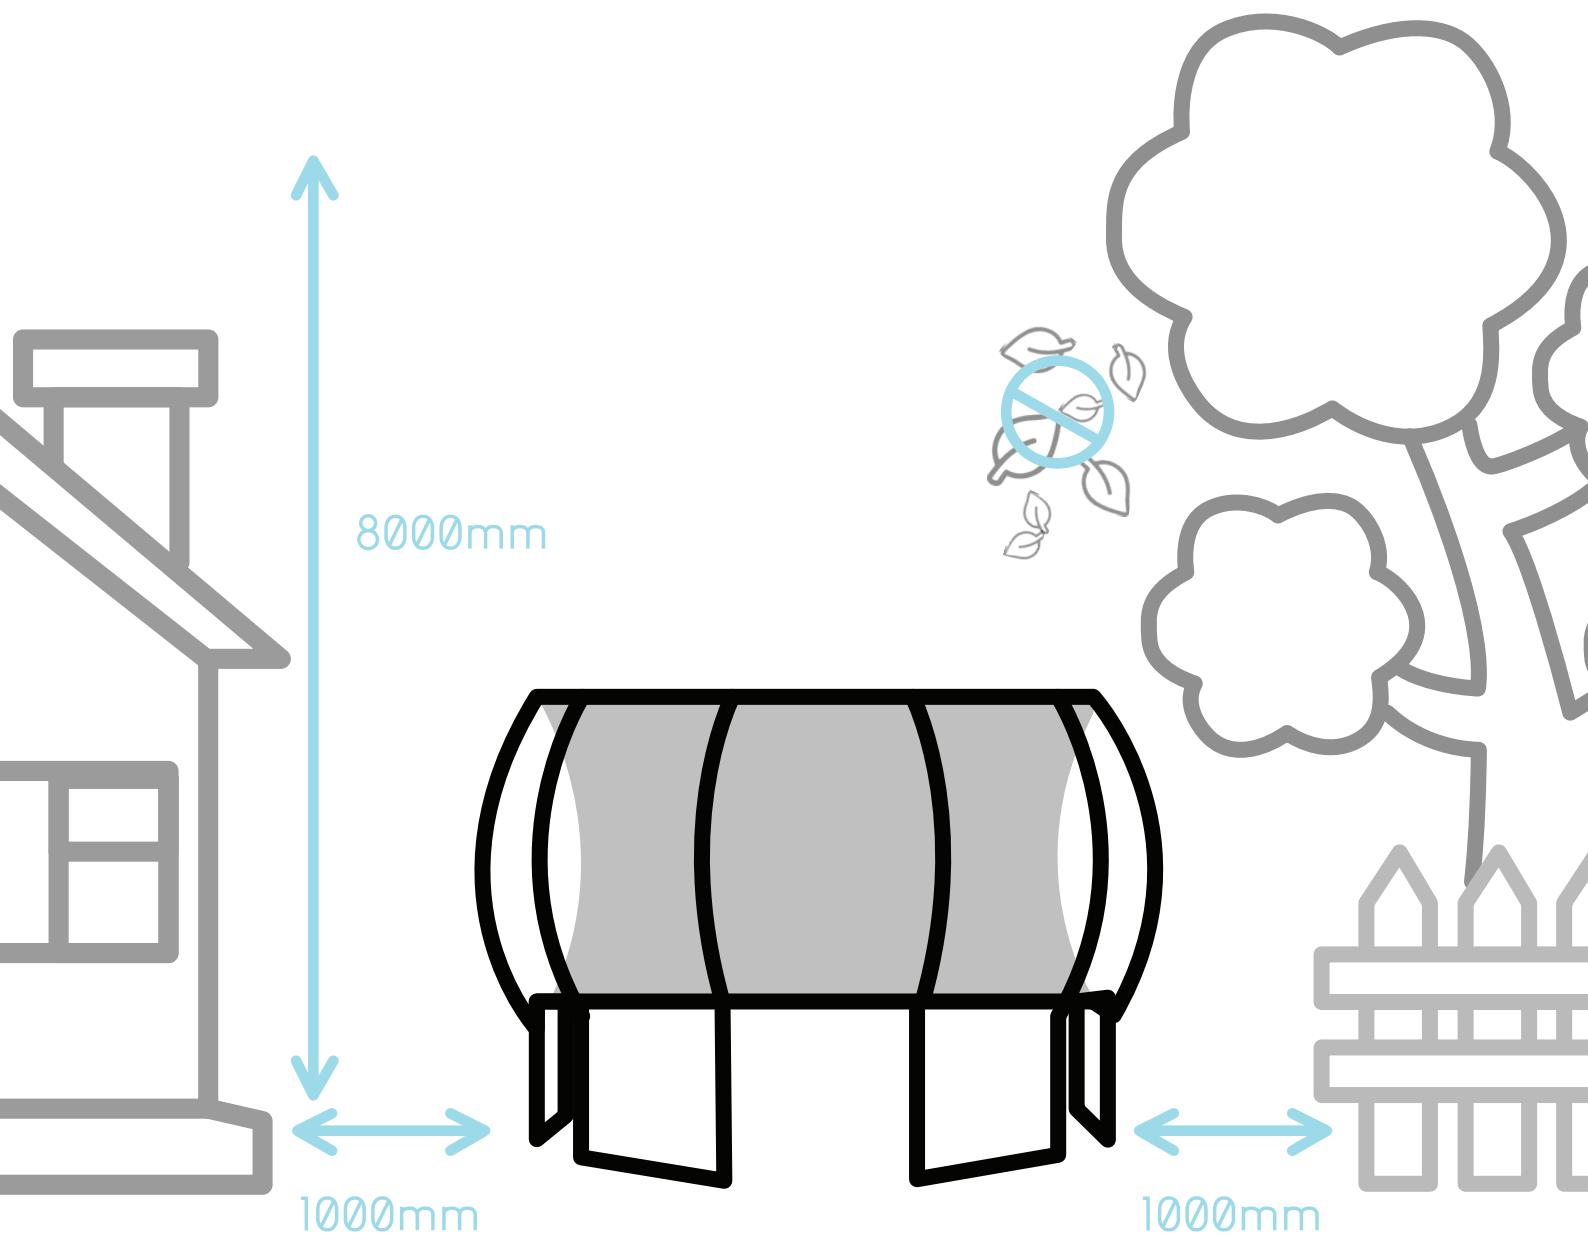

FRAME:	5 YEARS
JUMP MAT & SPRINGS:	2 YEARS
SAFETY PAD & SAFETY NET:	1 YEAR

The warranty in respect of the mat and the enclosure net does not cover normal wear and tear (e.g. stitching wear due to use), burns, cuts or snags. The warranty on the frame does not cover surface rust. Warranty claims resulting from manufacturing QC defects e.g. cuts in mats, broken D-rings, tears in net, missing components etc must be reported within 45 days of the product being purchased. Warranty claims reported outside the initial 45 days purchase period may be rejected by Little Nation. Shipping costs associated with approved warranty claims during this 45 day period will be borne by Little Nation. Beyond this 45 day period, all shipping costs must be borne by the purchaser.

STORES AU PTY LTD IS NOT RESPONSIBLE OR LIABLE FOR INDIRECT, SPECIAL CONSEQUENTIAL DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE USE OR THE PERFORMANCE OF THE PRODUCT OR ANY OTHER DAMAGES WITH RESPECT TO ANY ECONOMIC LOSS, LOSS OF PROPERTY, LOSS OF REVENUE OR PROFITS, LOSS OF ENJOYMENT OR USE, COST OF REMOVAL, INSTALLATION /DISASSEMBLY OR OTHER CONSEQUENTIAL DAMAGES. SOME STATES/TERRITORIES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES. ACCORDINGLY THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

THE WARRANTY EXTENDED HEREUNDER IS IN LIEU OF ALL OTHER WARRANTIES AND ANY IMPLIED WARRANTY OF MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE IS LIMITED IN ITS SCOPE AND DURATION TO THE TERMS SET FORTH HEREIN. SOME STATES/ TERRITORIES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS. ACCORDINGLY THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU. THIS WARRANTY IS NOT TRANSFERABLE.

Trampoline | Location

- Minimum overhead clearance of 8m / 26 ft from ground level. Possible hazards may include wires and tree limbs.
- Recommended clearance of 1000mm from obstacles such as walls, structures, fences and other play areas.
- Keep the trampoline on a level surface
- The trampoline must not be used in gusty or severe winds.

13.	Top Fiberglass Poles	The quantity is subject to actual received.			
14.	Screws	6	8	8	8
15.	Wrench	1	1	1	1
16.	Screw Cap	6	8	8	8
17.	Open-end Wrench	1	1	1	1
18.	Instruction Book	1	1	1	1

REMEMBER WE RECOMMEND THAT YOU USE GLOVES DURING ASSEMBLY TO AVOID PINCHING AND WE SUGGEST AT LEAST TWO PEOPLE WORK TOGETHER TO ASSEMBLE THE TRAMPOLINE.

STEP 1: Frame Layout

Please check your steel tube quantity relevant to the size of trampoline you have purchased. All parts with the same design are interchangeable and have no "right" or "left" orientation. To connect the parts, simply slide a section tubing that is smaller on one end into the adjacent section that has a larger opening. These joints are called "connector points".

Frame Assembly | Instruction Manual

WARNING! Set-up the trampoline at its final location, which MUST be a level surface.

After completing the set-up, DO NOT MOVE the trampoline! The tension may deform the frame.

WARNING: We recommend at least 2 adults in good physical condition should carry out the assembly of this trampoline. Wear proper shoes and, when indicated, gloves and maintain balance to prevent a fall. Failure to follow all instructions and warnings may result in serious injury.

STEP 1:

Lay out all trampoline parts in groups (as shown in picture). Check prior to assembly, that all parts are complete according to the parts list.

STEP2:

Connect frame tubes with T-tube connectors as shown. Note: The welded tube of T-tube connector must face outside.

STEP3:

Insert the Leg Extension (upright tube) into the base Leg (W-tubes) as shown in the picture - Locking pins MUST face inside. (Upright tube not required on 8ft. trampoline range)

STEP 4

Place all leg tubes inside the frame circle to line up with T-tube connectors.

STEP 5:

Lift up the frame on one side and insert T-tube into W-shaped / base leg underneath. Repeat this step to connect rest of W-shaped legs
Note: two or more persons are required to lift the frame on the opposite side.

STEP6:

Put the triangle rings of jumping mat through the holes of safety net edge one by one. Handy tip: Before attaching the net, ensure that jumping mat faces upwards with the logo facing the safety net entrance.

Frame Assembly | Instruction Manual

STEP 7:

Lay the jumping mat with the safety net inside frame.
Handy tip: Make sure the entrance of the safety net locates between two W-shape leg tubes.
(NOT like the above picture)

STEP8:

Attach one small hook end of spring into one of the triangle rings on the mat and insert another big hook end of spring into the hole of the frame tube beside one T connector by spring loading tool

STEP9:

Repeat to attach springs beside each T connector by counting the number of springs and corresponding holes on frame tube shown as above picture.

STEP 10:

Attach all springs evenly.
WARNING: Trampoline is under heavy tension, more effort may be required to attach the springs to the frame. Be careful not to pinch fingers or slip.
Serious injury may occur.

STEP 11:

Lay the frame pad around on top of springs only with flaps hanging over outside frame, then stick the Velcro together. Adjust the pad's placement and make sure each seam aligned with each T-tube connector.

STEP12

Tie all black straps under safety pad to the frame tubes like above picture

Frame Assembly | Instruction Manual

STEP 13:
Hang all the elastic strips under safety pad to the nearest springhooks

STEP 14:
Insert fiberglass poles into the top net pathway of safety net. Then you can join the ends of two fiberglass poles together. (If there is a shorter pole, then assemble it at last.)

STEP 15:
Connect one upper safety net pole with one lower safety net pole by locking pin. (Upper pole is galvanized with top hat, lower pole is black powder coated)

STEP 16:
Insert the safety poles into the PVC sleeves with the top hat out of sleeves.

STEP 17 :
Insert the contracted tube ends of safety poles into the welded tubes on T-tube connectors and leg extensions . Then tighten up with screws and screw caps. shown as the above picture.

STEP 18:
Insert the fiberglass rod into the top plastic hats as above picture.

STEP 19:
Now your trampoline installation is complete

Ladder Assembly I Instruction Manual

(Note: Ladder for 8ft, 10ft and 12ft trampoline is with two steps, for 14ft trampoline is with three steps.)

Step 1:

Take all ladder parts out of the box, list them like the above first picture. Firstly, insert one steel tube with hook into the hole of plastic plate, the steel tube's hook need to face inside and the plastic plate should be with mesh upwards.

(Note: The plastic plate is not flat, you need to keep the lower side of plastic plate towards outside and keep the higher side of plastic plate towards inside.)

Then move the plastic plate to the top in accordance with the small hole of steel tube.

Step 2:

Insert another steel tube into the another end of plastic plate's hole. Keep the hole of plastic plate in align with the steel tube's hole. And then use one allen key to tighten it with screws and bolts.

Ladder Assembly I Instruction Manual

Step 3:

Attach the second one plastic plate with the same method.

COMPLETED!
